

TabLines TBS012

tablet / smartphone tripod 4 - 12 inch

Description

The tablet and smartphone tripod TBS012 from TabLines is suitable for mounting devices with a screen size between 4 and 12 inches and a maximum weight of 1 kg. For various uses such as photo shoots or video recordings, the tablet stand offers stable support. The continuously adjustable clamp serves as a universal holder for tablets, cell phones or ebook readers and can be rotated 360 degrees for use in landscape or portrait mode. In addition, the smartphone stand can be adjusted in height by 50 cm. When not in use and for transport, the sturdy floor stand can be quickly disassembled and folded to save space.
